Founded in the year 2000, CCJK is dedicated to provide translation and localization solutions to organizations from around the world. Our team of highly skilled professionals from around the Asia-Pacific region has formed an elite localization and engineering group that is youthful, dedicated, knowledgeable and deeply rooted in the sense of responsibility. Based in the city of Shenzhen in the Guangdong province, the company focuses on providing a complete range of localization services into and from Chinese and other Asian and European languages.

TEAM

About CCJK

After ten years of growth and development, the company has automated its business process and became a leading player in the localization industry across the Asian Pacific region, successfully gaining the trust of a large amount of renowned international and domestic clients.

Led by its founder and a capable management, the company continues to gear toward optimizing and perfecting its services. We uphold the principle of gaining the trust of clients through engrossed dedication, continued pursuit of perfectionism, synergetic endeavor, real-time response to the client's specific requirements and, most important of all, delivering the best quality.

We always insist that winning the clients' trust and confidence in this manner is of paramount importance to the very existence of an organization. CCJK is dedicated to customizing its services to meet the needs of each individual client. For every project, be it large or small, sophisticated or trivial, our team is committed to work synchronized to eventually make it a fruitful success both for the client and us.

We are a member of:

WE FACILITATE YOUR MULTILINGUAL COMMUNICATION ACROSS THE THRIVING ASIA-PACIFIC REGION THROUGH OUR ONE-STOP LANGUAGE SOLUTIONS.

IN today's competitive business Market, it is important and inevitable to advance your products and services on a global basis. This is where localization comes into play. **Localization** is the process of adapting your products and services to the cultures and markets of different countries, regions and groups. It is the first and critical step to make your brand well known and popular around the world and to expand your business internationally. In **CCJK** you will find a capable and reliable partner who will help you to expand your business into the blooming Asia-Pacific region and across the entire globe. With our team of talented, native translators and content writers from all around the world, experienced web designers and engineers, we can deliver the most accurate and consistent **TRANSLATIONS** for your documents, user manuals, contracts, **websites** and **software**. By doing so, we help you to localize Your products and services into multilingual versions that feel comfortable and user friendly to audiences across different regions and countries. Without a doubt you will benefit from our value added services which help you to smoothly communicate with your customers and various Partners on a global basis.

CCJK distinguishes itself among other players in the localization industry by providing you with:

- Time and cost effective one-stop localization service
- Best quality through our highly streamlined QA workflow system
- A global network of native professional translators and project managers, available 24/7 to ensure textual fluency and timely delivery
- Availability of adequate translation assets to save cost and shorten lead time

Along with its global service across the world, CCJK prioritizes the local expertise:

- We assign a specialist localization team who perfectly understands your specific needs and coordinates the procedures to Meet them
- We communicate fluently with your target audience in their native language - our linguists are discreetly selected to work in their native language and in the specific field of which they hold specialist knowledge
- We have a highly streamlined project management system which involves rigorous processes for translation, editing and proofreading (TEP), multilingual typesetting and quality
